Developments for Sheldonville Hancock St. and West St. behind the Fire Station

Glenora Chaves

1084 West St.
Wrentham, MA

Dear folks of the ConCom, Planning Board, Board of Health and Board of Selectmen,
Just a few more thoughts or questions re: said Developments..... I am not aware of what procedures are in place for the removal of the house on Hancock St. at the site for the development of 16 units. Also what is in place for protecting the surrounding neighborhood from the demolition?
Next, The Jones who are direct abutters have a beautiful tree hedge that marks their property. If the site work for the units should negatively impact them who will be there to make things "right" for them. Who will also answer to all others for their future problems from all of this building?
And one last thing.....re: crosswalk by the Fire House. I say this is an insane location to cross at. I use the second location that they expect older folks to cross at by the store at Hancock St.....there are quiet times throughout the day when a person may cross easily but those times are infrequent. Thirty years ago we could cross easily, but not now.

Thanks again for listening.
Sincerely,
Glenora Chaves
